The mark of 2,777 set by the Tish-i-Mingo team of Indianapolis on Monday night was beaten by three teams yesterday and last evening. The character of bowling played by the teams is far above the aver-Three teams have already exceeded the score of the Fidelias, the team that won first place at Buffalo, while ten teams have exceeded the score of the Standards, the Chicago team that won the champtonship at the first tournament in Chicago. Fifty five-men teams bowled yesterday, the schedule calling for almost continuous

bowling from 10 o'clock in the morning until after midnight last night. The Colum bian Knights of Chicago set a new mark yesterday morning by bowling a grand total of 2,748, the highest individual score being made by Peifer, of that team. That score was not beaten during the day. INCREASED INTEREST.

The teams that came on the alleys at . m. increased the interest in the tournament, for they were some of the best entered in the tournament and records were smashed by them. It was during that time that the O'Learys, a five organized and supported by James O'Leary, a bookmaker, of Chicago, bowled the high total of 2,819. They started out with a total of 903, and in the second game dropped to 881, but finished with 1,035. The bowling in the last game was exciting and elicited much applayse from the spectators then in the hall. The Carl Richter team also bowled at 1 o'clock, and it set a mark of 2,798 in order to get within the money. The squad that followed at 4 o'clock did

not break any records, but some of the teams rolled high enough scores to get inside the money. The Minneapolis team The hall was crowded in the evening, as ten of the best teams entered in the tournament were scheduled to bowl at 7 o'clock, and it was expected that many new records would be made, but no team equaled the grand total set by the O'Leary team. The bowlers gathered to witness the work of the all-star aggregation bowling under little trouble exceeding the O'Leary score, as some of the best bowlers in the country are members of the team. The Wrigleys came within six pins of equaling the

THE FAMOUS WRIGLEYS. The Wrigleys bowled a grand total of 2,813, finishing with 906, the lowest score of the three games. All of the members of the team bowled well with the exception of Forch. He got away bad in the first game, and when the first game was over he only had 129 to his credit. He improved slightly in the second game, but he was the one who kept the score down by rolling 174. His team mates tried to brace him up for a strong finish in the third game, as the team needed 912 to tie the score of the O'Leary team. But Forch could not pull himself together, and he rolled only 155. It was his low scores more than anything else that prevented the Wrigleys from taking the lead in the five-men contest. The Session To-Morrow Promises to

Be One of Interest. The session of the American Bowling Congress at the Denison Hotel to-morrow morning promises to be an interesting one as several candidates have been mentioned in connection with the presidency, and the election of other officers of the congress will also bring out a contest. The constitution committee has completed its work, but will give out no information concerning the new constitution until the report is submitted to the congress to-morrow morn-2:23 ing. It is said the constitution will contain ideas of reorganization that have been mentioned from time to time, the principal point being to provide a revenue to carry on the affairs of the congress. It is also 2:07 said the constitution will provide for a first, second and third vice president.

If the constitution does not provide for a committee on credentials it is known that some of the most influential delegates will offer an amendment and cite the manner in which many leagues were permitted to vote G. It is said he would be able to infuse new life into the bowlers of the Northwest were he to be elected to the office. The Northwestern bowlers say they desire to see a change in the management of the A. B. C. and will not vote for a man who is in any manner connected with a manufacturing concern of bowling supplies. There have been no candidates announced for the second and third vice presidents, but it is believed they will be selected from various parts of the country. It is expected there will be a contest on some of the other offices.

NATIONAL LEAGUE TO OPEN APRIL 15 AND AMERICAN APRIL 22.

Several Conflicting Dates, Which Were Made in Order to Avoid Long Trips Between Games.

CHICAGO, Feb. 24.-Playing schedules satisfactory to both sides were arranged at to-day's meetings of the committees representing the American and National Baseball Leagues, and the owners left for home to-night. There are several conflicting dates in the schedules, but they were made by choice in order to avoid long railroad journeys between games. The schedules call for 140 games in each league. The National playing season will open April 15 and the American one week later, April 22. The season in both leagues will close Sept. 27 or 28. The schedules will not be given out until the annual meetings of each league, to be held in New York in the The meeting of the committee to prepare a new national agreement, composed of

Seixas, of Camp Rainbow, tried to dispose of G. H. King and F. C. Kellar, of the Knickerbocker Canoe Club. The referee finally disqualified the Knickerbocker pair for the alleged refusal to paddle faster when changing.

SITUATION AT CORNELL

STUDENTS MAY RETURN, HEALTH COMMISSIONER LEWIS SAYS.

Typhoid Fever Conditions Investigated and Found Not to Be as Serious as Supposed.

ITHACA, N. Y., Feb. 24 .- Dr. Daniel Lewis, state commissioner of health, arrived here to-day to investigate the typhoid fever situation. He spent the day conferring with the city and university authorities and to-night addressed a mass meeting of citizens. Dr. Lewis said that an examination at Albany of samples of Ithaca water had shown it to be contaminated, and that he believed the water was the specific cause of the present epidemic He said that his investigation to-day showed that the situation was not as serious as was generally supposed, there being only between fifty and one hundred serious cases in the city, that the highest period of fatality had been reached, and that the mortality throughout the epidemic had been low. Dr. Lewis announced that the State Board of Health would immediately promulgate rules for the protection of the watershed, and gave it as his opinion that there was no reason why the present water supply could not by proper care be made pure. In answer to the question whether an artesian supply would not be more desirable than the present one Dr. Lewis said that that was a question for the future, was to remedy the conditions now.

and that the duty of the Board of Health President Schurman received many telegrams asking if it was safe for students to return to Ithaca. One of these was to-day referred to Dr. Lewis, who wrote the following answer: "Plans already in operation and this day being extended render it perfectly safe for students to return." One death and several new cases were recorded to-day. Among the new cases are two Cornell students—G. B. Lull, of Delhi, N. Y., and Clyde A. B. Leavitt, of Bellaire, Mich. Doctors continue to report students sent to their homes. However, a score or

BASEBALL AT I. U.

Considerable Uneasiness Over the Team and the Season's Prospects.

Special to the Indianapolis Journal. BLOOMINGTON, Ind., Feb. 24.-With the approach of spring, baseball is coming to be the talk at Indiana University. The prospect, however, is a matter of some speculation just now. Coach Horn as yet has made no statements as to the outlook, and the baseball men themselves are puzzled as to what kind of a team will be turned out this year. There are now in college five of last year's men. They are Clevenger, shortsop; P. Boyle, third base; J. Boyle, pitcher; Shaw, left field; Ackman, right field. These will try for the team, and probably will retain the positions played last year. Harry Killen, who played good ball on the Marion High School team, will assist J. Boyle in pitching, and Arch Ross, of the same place, is one of the most favorable men now for catcher. Bradbury, a veteran on the dia-mond, will also go out for the team. "Bob" Wicker, of the St. Louis National team, will coach Indiana this season. He is due to arrive early next week, and will look over the student body and pick out suitable candidates. Wicker will remain here until April 15, on which date he will assume his engagements with the league team.

War Drama at Culver.

Special to the Indianapolis Journal. CULVER, Ind., Feb. 24.-Cadets of Culver Military Academy this year combined their thespian and military talents and produced a stirring war drama for the entertainment of their Washington's birthday guests. The cadets naturally did the military part of the play in "apple-pie" shape and the purely histrionic part almost as well. The mechanical effects of the battle scene were very ingenious and realistic. The popping of the rifles, the shriek of shells and whirr of the Gatling guns were all faithfully reproduced in the wings, while the blank cartridges of the combatants on the stage gave a pungent smell of powder

that completed the illusion. Part of the setting was a Spanish blockhouse, from which chips and splinters were nost realistically torn off as if by impinging bullets, until with a final puff and roar the entire structure caved in and the victorious Americans, cheering lustily and covered with a good imitation of dust and perspiration, rushed on the scene.

Theta Delta Chi Officers.

BOSTON, Feb. 24.-The closing sessions of the Theta Delta Chi were held in Tremont Temple to-day with five hundred delegates, representing twenty-two charges. President Rudolph Lumbo, fr., Columbia, and Secretary Harry P. Brown, Harvard, 1903, were re-elected, and Llewellyn W. Jutten, Brown, 1904, was chosen treasurer on the first ballot. Most of the business of to-day was of a secret nature bearing upon constitutional rulings, matters of discipline and the unwritten work of the fraternity.

HOME TURNED INTO MUSEUM.

Mrs. "Jack" Gardner Opens Her Pal-

ace of Art to Small Crowd. BOSTON, Feb. 24.-The Venetian palace of Mrs. John L. (Jack) Gardner was opened to the public yesterday for the first time under the corporate name of the "Isabella Gardner Museum of Fine Arts." Admission was by ticket, and these were limited to 200 at \$1 each. Exactly 180 tickets were presented, and this, with the fact that as late as this noon tickets were being offered by the agents, indicated that the public was not as intensely interested in the opening as was anticipated would be the case. Most of those who attended were women. Mrs. Gardner was present during the

whole time the palace was open and seemed to take pride in the general admiration of her really beautiful collection of art objects. There was a policeman in every room, and no one was permitted to make notes or copies of anything. The palace is of materials actually brought from Italy, and the old marbles and mosaics are very beautiful. The central court is the chief attraction. It is large, glass covered, contains a Florentine fountain and mosaic of the fourteenth century, growing grass, flowers and its walls are entirely of beautiful marbles that once adorned Italian homes. The rooms containing the art treasures are all entirely covered with very old silks, brocades and tapestries and hung with hundreds of paintings and engravings, these in many places concealing the fabrics behind them. There are hundreds of pieces of bric-a-brac in glass cases, and in general just such a collection as ordinary museums contain. By thus making a public museum of her home Mrs. Gardner escaped payment of duty on her importations.

REVOLT IN SOUTH CHINA.

It Is Reported to Be Growing More Serious-Towns Pillaged.

VICTORIA, B. C., Feb. 24.-The revolutionary movement in South China is growing more serious, according to advices received to-day by the steamer Kagu Maru. The Kwangsi rebels have defeated the battalions sent to the Uran frontier and crossed into the province. Here they were toined in pillaging the frontier towns by numbers of Kalao Huis.

Advices from Hong-Kong tell of a contemplated attack on Canton. Serious developments of a revolutionary character have occurred lately. The Hong-Kong government, acting on information received from the Chinese government, arrested eight Chinese in an attack on the revel junta in Hong-Kong, the leaders escaping with 150 others who were in the place. The rebel junta was within a stone's throw of the police headquarters at Hong-Kong. The police found papers which showed that an attack on Canton had been planned. Uniforms, arms and banners were also
